Raleigh, North Carolina's The Rosebuds are back with their second full length release! "Birds Make Good Neighbors" marks an astounding growth in stylistic range and songwriting maturity from the band's 2003 debut "The Rosebuds Make Out." Incorporating influences as diverse as The Kinks, The Go-Betweens, The Smiths and The Zombies, husband and wife team, Ivan Howard and Kelly Crisp have perfected the 3 minute pop songs they rolled out on "Make Out" and have taken adventurous forays into a denser, more lush soundscape. Recorded with legendary producer Brian Paulson and featuring North Carolina drum hero Lee Waters (Work Clothes), "Birds Make Good Neighbors" is a beautifully realized pop album that will have you dancing, laughing, crying, and ultimately left breathless.
